

InfraMind

Introduction

TCS IT Infrastructure Services (IT IS) is a global leader in providing Datacenter, Cloud and Digital Workplace Transformation Solutions. TCS Infrastructure Services is an ever evolving paradigm driving greater agility to customer's businesses. TCS IT IS works with over 500 customers across the globe, many of whom are Fortune 500 companies.

TCS ensures zero downtime for enterprise IT so they carry their business operations seamlessly. With its Datacenter services TCS ensures its customers have a flexible and scalable IT.

TCS' Cloud services helps enterprises to move to a modern narrative of IT, this move to cloud helps organizations save on legacy infrastructure maintenance. Cloud positively impacts business cycles, value chains, creates real-time visibility of organization and ensures a memorable customer experience for enterprise and end-users alike.

TCS Digital Workplace solutions focuses on simplifying digital collaboration within an enterprise, and enables a more connected enterprise driving innovation and co-creation.

IT IS has a workforce of 40,000 people spread all across the globe. IT IS offers a promising career across our broad range of offerings and solutions. IT IS has nurtured many talents and has encouraged the spirit of innovation through platforms such as Innovista, Ideathons,. IT IS as an strategic service line of TCS participates in co-innovating with its clients and constantly seeks from its associates new ideas that can create shared value for its customers.

The Contest

The overall objective of the contest is to develop an ecosystem of students who can participate and compete meaningfully in an IT IS domain. Talent spotting and possible recruitment is another objective. TCS promotes learning in our associates and certifies them through competitive assessments and helps them to be ahead of the industry in technology understanding and experience. Our efforts to strengthen technology professionals creates opportunities for associates to learn from our Partners and Alliances themselves. We have created many dedicated learning programs for developing expertise in individuals. Whatever career you may choose at IT IS be it Pre-sales, Datacenter Services, Cloud Computing or Service Desk, you will find ample opportunity to learn on the latest technology like DevOps or writing code for Virtual Agents.

TCS' Enterprise scale solutions and our competence in providing point solutions are many a times unique in the industry. TCS has the ability to manage, support and integrate like no other. With TCS our associates gain a deep understanding of domain, technology and business, the ingredients necessary in any Technocrat of tomorrow. With a broad range of offerings across every technology and capability to address every nuance, TCS IT IS is a perfect platform for individuals to aspire for a stellar career.
