KMEA

A Bi-yearly Newsletter of KMEA Engineering College, Kochi

The KMEA Engineering College is run and managed by the Kerala Muslim Educational Association (KMEA). It is dedicated to the memory of Sri. C.H. Mohammed Koya, a great leader, educationalist and a philosopher. The college is committed to provide high quality education at par with global education standards and a unique learning experience for all its students. The institute which was established in the year 2002 is situated at Kuzhivelipady, Ernakulam.

At present the College offers B.Tech degree in six Engineering subjects Civil, Mechanical, Electrical and Electronics, Electronics and Communication, Electronics and Instrumentation and Computer Science and Engineering. The College has M.Tech Programmes in Civil Engineering, Communication Engineering, Computer Science and Engineering and Power Electronics. The College is affiliated to Mahatma Gandhi University, Kottayam & Kerala Technological University, Thiruvananthapuram and approved by AICTE.

The College houses the first Electronics Incubation Centre, established by Govt. of Kerala in the new generation Engineering College to work as a nodal point in electronics engineering. It is a remote Centre of Indian Institute of Technology, Mumbai. The College has established INFINITY, the first mirror in Asia for TRISQUEL and the first MIRROR in South India for GNU.

Our Vision

To develop the institute as a centre of excellence, from where skilled professionals and technologists of outstanding caliber will graduate year after year, dedicated to the betterment of deprived and the well-being of the Nation.

Our Mission

We believe in the noble aim of empowering today's youth to face the challenges of tomorrow, by imparting training par-excellence and equipping them with the will and skill to be ideal role models in Society.

Honouring the Glittering Stars

Ernakulam District collector Shri. K.Muhammed Y.Safirulla IAS with the PlusTwo students who secured A+ in all subjects were honoured by KMEA Engineering College during "Honouring the glittering stars".

Kerala Muslim Educational Association

President

Jb. Syed Basheer Ali Shihab Thangal

General Secretary

Mr. Riaz Ahmed

Treasurer

Mr. H. E. Muhammed Babu Sait

Engg. College Management Committee

Mr. V. K. Ebrahim Kunju, MLA (Chairman)

Mr. Akbar Badusha

Mr. P. K. Jaleel

Mr. A. Basheer

Director & Principal : Dr. T. M. Amar Nishad

Vice Principal : Dr. Rekha Lakshmanan

Kerala Muslim Educational Association (KMEA) was established in the year 1957 for the Educational, Social and Cultural upliftment of the society especially the weaker section including minority communities. The founder of the Association was distinguished statesman adv. B. Paker Sahib who was an outstanding parliamentarian and jurist of his time. Late. Adv. Seethi Sahib was a legendary figure in the political arena who adorned the speakership of the Kerala Assembly also contributed for framing this association. Shri. C.H. Muhammed Koya, former Chief Minister of Kerala was an active member of this association. KMEA is running various educational institutions namely KMEA Engineering College, KMEA College of Architecture, KMEA College of Arts & Science, Seethi Sahib Memorial Polytechnic College and KMEA Al-Manar H.S.S. This organization is imparting free education to weaker section of the society irrespective of caste and creed by admitting students in our institutions. The organization distributes scholarships and awards to deserving needy students.

KMEA is on the eve of its 61st Year of existence. In this Diamond Jubilee Year, KMEA is conducting various Conferences, Seminars, Educational and Cultural activities. Many such programmes were conducted in the

past few months. The diamond jubilee celebrations continues for another six months. The first educational activity of upcoming semester was "Honouring the glittering stars" organized by KMEA Engineering College to honour the Plus Two students who secured A+ in all subjects, was inaugurated by Ernakulam District Collector Shri.K.Muhammed Y. Safirulla, IAS. He motivated the youth to use innovative technologies and its developments in their higher studies to become socially responsible citizens of tomorrow. He also urged them to use the growth of technology properly to serve the society.

The students were advised to learn ,unlearn and relearn. He told them to analyze their learning methodology and modify it as and when required. His inspiring life story set a big example to the awardees. Dr.T.M. Amar Nishad, Director of KMEA institutions presided over the function. The famous psychologist Vipin V. Roldent spoke to the students about the various engineering branches and their Job opportunities. KMEA College Secretary Adv. K.A.Jaleel welcomed the gathering. KMEA Secretary Adv. Abdul Majeed Parakkadan, Arts College Principal Prof. Abdul Kareem, School Principal P. V. Ambili Felicitated. College Vice Principal Dr. Rekha Lakshmanan proposed the vote of thanks.

College Activities

Tech Fest - Akharva' 18

The National Level Intercollegiate Techno-Managerial Cultural Fest 'Akharva' 18 held at college campus on 2nd and 3rd March 2018, was jointly organized by KMEA group of Institutions as part of KMEA Diamond Jubilee Celebrations. The prime motive behind AKHARVA'18 was to provide a platform for youth to showcase their talents and skills in competitions, displaying themes most relevant to our society.

As Part of AKHARVA '18 promotions, logo and website launch were conducted on 21st February 2018. The AKHARVA'18 logo launch was done by Mr.Sidharth Menon, the famous musician and film actor and the website launch was done by Adv.Abdul Majeed Parakkadan, secretary KMEA. The chief guest interacted and entertained the students by his marvelous music programme.

The Techfest was inaugurated by Dr.Adheela Abdulla IAS. She motivated the students to become the part of nation building process with sincerity, dedication and hardwork. The cultural events were inaugurated by Mr. Siddique, film director and Screen writer. He reminded the students to remember all those who helped them directly or indirectly to reach their goal in their life. Both of them interacted with students and gave the message to have faith in your self and work hard to achieve your dream.

As a tribute to Indian army '60th Armoured Regiment' an exhibition was conducted by different departments

College Activities

Highlights from Tech Fest-Akharva'-18

Nrithya - Dance competition

Praakrithi - Fashion Show

Tharang - Music Band Competition

Techfest events came to a mind blowing end with the music show of music band Masala Coffee

Closing ceremony and valedictory function was presided over by Adv.K A Jaleel. The chief guest was Sidhartha Siva, Indian film director, screen writer and actor, distributed prizes for different event. Around 2000 students had participated in the event from various colleges all over India. Rupees five lakhs worth prizes were awarded to the competition winners. AKHARVA'18 ended with an enriching experience.

College Activities

All Staff Meeting 2018

As part of Diamond Jubilee celebration the Kerala Muslim Education Association organized a staff meeting for both teaching and non teaching members of kmea group of Institutions. College Secretary K.A. Jaleel started with a welcome address speech. MLA Ibrahim Kunju gave an inaugural talk. He spoke about the present scenario of engineering field and said that it is the aim of every faculty member to light up the talent of student and bring in a brighter perspective of engineering Field. He also said if there is oneness and dedication among the staffs we can make the institution to be one among the Autonomous institution in near future. Riaz Ahammed Sait (KMEA General Secretary) presided over the function, Advocate Majeed Parakadan gave an introductory talk.

Motivation Talk

KMEA engineering college had conducted an interactive session with World Arm Wrestling champion Joby Mathew, who suffers from Bilateral Proximal Femoral Focal Deficiency or in simpler terms stunted growth of the legs since birth. He is a personality who is been invited to speak in schools and colleges and other public functions for motivating people to aspire and make the best of what they have. In this session he delivered a motivational speech and he gave a message "If you let your limitations take over your mind, they will destroy you. You must accept your limitations and do the best with what you have". He was felicitated by our college in the presence of Director Dr. Amar Nishad, Vice- Principal Dr. Rekha Lakshmanan.

Women's Day Celebration 2018

As part of Womens Day celebration, Womens forum representatives visited special school with students on 8th March 2018. Volunteers spent some time with them and gave various gifts for special school students. The programme had the presence of Dr. Rekha Lakshmanan Vice Principal, Prof. Sunitha Rani Womens Forum Co-ordinator, Womens Forum representatives and socially committed students of our college. Various cultural programmes were conducted by students of special school and our college .

Alumni Reunion 2018

The "Alumni meet 2018" was conducted on Friday 26th January, 2018 at KMEA camus. The occasion was graced by many important personalities and by the alumni members of various batches passed out from the college from 2006 onwards. The programme started at 2.00 P. M. after the registration process. About 144 Alumni from various branches participated in the function with their family members. A friendly cricket match was arranged between the Alumni and the present students of KMEA before the commencement of the programme For the extra ordinary achievements and performance in the field of service a "Best Alumni Excellence Award", "Best student performer Award for the year 2017" and "Best Alumni award" for the unconditional commitment and enduring dedicated services for KMEA was distributed. Prize was distributed among the players of the friendly cricket match between the Alumni and the present students of KMEA. A project "Hospital Management System" was presented by S8 CS students guided by our Alumnae after the prize distribution session.

College Activities

Vaganza 2018

KMEA Engineering College conducted an entertaining programme for First year students. The programme was inaugurated by Dr. Rekha Lakshmanan, Vice Principal of the college. The whole programme was neatly organized and executed by the students. Students got a refreshing ambience through dance and music

LET 2018

Lateral entry scheme adopted by Govt. of kerala is intended to admit meritorious diploma holders across the state to second year/third semester of B.Tech courses. Directorate of Technical Education (DTE) of kerala conducts a state level entrance examination, Lateral Entry Test (LET) by the end of May every year. We at KMEA engineering college offer free LET crash coaching in the month of May every year. The candidates use our college bus facility, free of cost from all areas of ernakulam. Visit our web site for online registration for the free LET coaching. Attractive scholarship is provided to meritorious students. B.tech lateral entry students are given free mathematics foundation course prior to commencing B.Tech classes.

Micro Project Exhibition

A microproject exhibition was organized by KMEA Engineering College for second year students on 13th April 2018. The main aim for conducting such a competition was to enhance the knowledge of students and motivate them to compete in the global competitive engineering field they can generate awareness about fast growing technologies, its real applications in industries, knowing about other's innovations, building of their inherent abilities and improvement of their communication by sharing their knowledge with others. This competition provided a platform to the budding engineers to showcase their creative and innovative project ideas to compete in the global competitive engineering field.

Department Activities conducted under Programme Cell

Department of Civil Engineering

Software Awareness Programme

In this semester, Civil Engineering Department conducted various software training programme for S8 students, to make them aware about the latest software technologies in Civil Engineering. School of interior designing gave an introductory workshop on "LUMION", a design software for S8 and S6 students on 1 st January 2018. An awareness class on TEKLA was conducted by Reliant Institute of Technology, an authorized centre in Kerala on 12 th January 2018, for S8 students. Workshops on 3D Visualization and Building Information Modelling was conducted by CADD centre. TICMAT Institute of Construction and Industrial Management conducted an awareness class on scope of diploma in construction management in Civil Engineering. All these sessions helped to create an excellent background on software awareness, emphasizing on the importance of training, job opportunities, future of software applications.

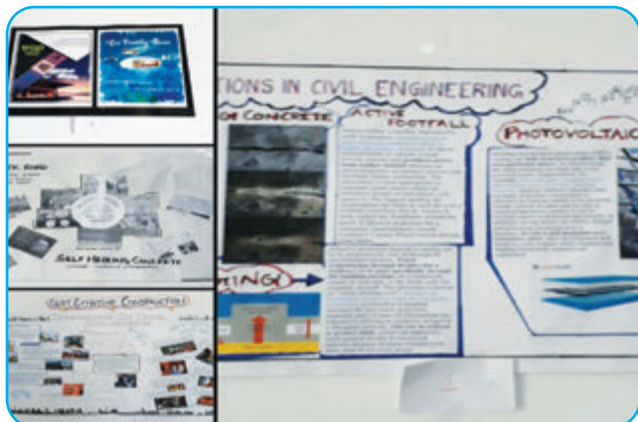

Industrial Visit

The students of S4 had visited Idukki Dam on 27 th January 2108, S6 Students visited RMC (Ready Mix Concrete, Mysore) and Harangi Dam, Coorg on 9th January 2018 and S8 students visited Nettoor Water Treatment Plant on 31 st January 2018, as part of their study tour.

Poster Presentation

In connection with the TEP cell activities, the Civil Engineering Department organised a poster presentation competition on April 5 th, 2018 on the topic 'Innovations in Civil Engineering'. Students from Civil Engineering

department created posters and showcased their ideas, throwing an insight into the latest technology and their advantages in the field of Civil Engineering. Prizes were awarded to the winners and the 'most innovative' award was presented to a group from S6 CE B for the work, "Floating House".

Department of Computer Science & Engineering

A hands on workshop on Ethical Hacking

A hands on workshop on Ethical Hacking was conducted on 19th, 22nd and 23rd on February 2018 by Department of Computer Science and Engineering. The sessions were handled by Mr.Kamal Paul, Mr.Jian Thomas and Mr. Manoj D Pai. Students of 1st, 2nd and 3rd year participated in the session. The main topics were various types of Foot printing, Footprinting Tools, and its counter measures Networking Scanning Techniques, Social Engineering Techniques, DoS attack Techniques, Android Hacking and Mobile platform attack vector and System Hacking Methodology.

Department of Electronics and Communication Engineering

Killertron

As part of the technical fest AKHARVA '18 EC department conducted Killertron the Robowar. The event was conducted by professor Binish M.C.Totally 5 teams registered and participated and the winners were awarded cash prizes. Teams from SNGCE kadayiruppu bagged first and second prize.

Department of Electronics and Instrumentation Engineering

Seminar on Recent Trends in Instrumentation & Opportunities

A seminar on recent trends in Instrumentation & Job opportunities was organized by department for s1, s4 and s8 students. The session was handled by Mr. Babu Kurian, Senior Instrumentation Engineer, FACT on 14/02/18. The students felt the importance of instrumentation and Job opportunities in the corresponding field.

Seminar on Industrial Automation

A Seminar for presenting an idea about Industrial automation was conducted by Smech Automation for final year students on 9/02/2018. Students got an idea about importance of Industrial Automation.

Training Programme on Plant Design Engineering

A Two days training programme was conducted by POUL Institute North paravoor for S8 students on 06/02/18 & 07/02/18. The programme was intended to train students on Plant Design Engineering. They were familiarized with Wiring diagrams, Hook-up diagrams, F&G drawings, layout drawings.

Seminar on PLC Basic Concepts and Automation

A seminar was conducted for final year students about PLC basic concepts and Automation. The session was handled by Quadrent technology on 14/02/2018. The session was very informative and got an idea about PLC programming and importance of PLC in automation.

Department of Electrical Engineering

KSEB'S 9th Seminar Series

EEE Dept. had conducted KSEB's 9th seminar series in association with IEEE Power and Energy Society on 'Electric Mobility and Power Utilities-Challenges and Solutions'. About 20 teams from different Engineering Colleges had participated in the district level seminar competition. Ms. Jayasree S. (Asst. Exe. Engineer), Mr. N. N. Shaji (Chief Engineer, KSEB), Mr. Bijumon M. A. (Chief Engineer, KSEB), Mr. M. E. Varghese (Exe. Engineer, KSEB) were present for the programme.

Department of Mechanical Engineering

Career Guidance Programme

An interactive session was conducted by Mr. Dinesh Gopinath, safety Engineer, ADNOC and Mr. Faisal Farooq, Director, Ivion industrial Academy about the career mapping skills in the areas of marine, oil and gas sector on April 12th, 2018. It was attended by final years students of the department and faculty members. The programme was intended to give primary awareness to students about the career opportunities in marine, oil and gas sector and the skills required for availing these opportunities.

Seminar on Industrial Oriented Mechanical softwares and its applications

A seminar on mechanical product design and analysis software was conducted by CADD centre on 21-02-2018. The seminar was attended by final year students and faculties of the department. It was followed by a free demo of the softwares. The objective of the programme was to familiarise the students about the latest design and analysis software in mechanical engineering.

Invited Talk

As a part of knowledge upgradation, an invited talk was conducted by Dr. Franklin John, Associate Professor, School of Engineering, CUSAT on 23-01-2018. The talk was about the application of Petrinets in supply chain systems. It was attended by all the faculties of the Department. The talk was noted for the innovativeness of the subject and the way of presentation. All faculties were unanimous in accepting the fact that the programme was really beneficial to them.

Continuing Education & Special Programme Cell

The College realizes that every youth of the country needs to be trained properly to be employable, along with the theoretical knowledge they acquire from educational institutions. So Additional Skill Acquisition Programmes for the youth like SRC, ASAP, PMKVY are being conducted at the college campus for developing the youth technically. To make the youth understand the importance of sustainability and energy management, the College is cooperating with ANERT to conduct energy management related programmes. The faculty members and students of KMEA very actively participated in the programmes conducted by professional bodies like IEI, IETE, CSI etc. The College is also the examination centre for IETE examinations.

Additional Skill Acquisition Programme (ASAP)

Additional Skill Acquisition Programme (ASAP) is an ingenious undertaking by the Higher Education and General Education Departments of Kerala that focuses on delivering skill and value based education to Higher Secondary and Undergraduate students. ASAP aims at becoming an initiative that works with a passionate drive towards equipping the youth of Kerala for the highly demanding industrial roles of today and the future. This student-centered programme works with different industrial sectors to design and update curriculums that inculcate desirable skill sets and qualities to the students to develop a pool of industry ready candidates.

Continuing Education & Special Programme Cell

Over the years, ASAP has tied hands with KMEA Engineering College in this important mission of developing skilled youth. Since 2016, the College has been successfully conducting different programmes, under this scheme; Lathe Operator (2016), CCTV Technician (2017). For the current academic year two courses being conducted: CNC Operator, CCTV Technician.

ASAP Training programme on "CNC Operator- TURNER"

KMEA Engineering college has a well flourished CNC lab under the department of Mechanical Engineering, where Production of machined parts are completed by programming, setting up and operating a Computer Numerical Control (CNC) machine as per the industrial capable Standards. The course CNC operator conducted under the DAT Scheme has a total 300 hours, where 150 hours is completed with in the college and rest as Industrial Internship. The training sessions enhances various skills in Conceptual, Process Improvement, Verbal Communication, Functional and Technical Skills, Controls and Instrumentation, Supply Management, Tooling, Coordination, Inventory Control, Attention to Detail, Judgment which makes them capable to meet industrial requirements. The programme was inaugurated by college principal Dr. Amar Nishad T. M on 16th April 2018. The skills of the students are assessed by SSC (Sector Skill Council) and certified by both NSDC and ASAP, Kerala.

ASAP Training programme on 'CCTV Installation Technician'

KMEA Engineering college organised a 200 hr training program, "CCTV Installation Technician" under the DAT (Design align and Train) scheme. Inauguration was held on 16th April 2018 at 10. am by college principal Dr. Amar Nishad T. M. The purpose of this training session was to build a solid working knowledge of various types of surveillance camera, DVR and network devices for online monitoring.

This training covered different analog, digital, Hybrid and IP solutions and products. A hands-on exercise on different types of camera & DVR helped the students to build experience on the subjects. The training programme was assessed by SSC (Sector Skill Council) and certified by both NSDC and ASAP, Kerala. As part of the course internship of 150 Hr will be provided to all students in various CCTV companies.

Pradhan Mantri Kaushal Vikas Yojana (PMKVY)

Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is the flagship scheme of the Ministry of Skill Development & Entrepreneurship (MSDE), Govt. of India. The objective of this Skill Certification Scheme is to enable a large number of Indian youth to take up industry-relevant skill training that will help them secure a better livelihood. Individuals with prior learning experience or skills will also be assessed and certified under Recognition of Prior Learning (RPL).

KMEA Engineering College has been selected under PMKVY Scheme for conducting the course "CNC OPERATOR- TURNER" during current academic year. The challenge of converting unemployed youth into skilled workers is being accepted by KMEA not only as a part of academics but also as our policy of social committment towards society. Under this scheme, the trainees Plan machining by studying work orders, blueprints, engineering plans, materials, specifications, orthographic drawings, reference planes, locations of surfaces, and machining parameters, Programmes as per the plan, setting of workpiece is completed and finally the production is completed by machining operation .

ANERT Sponsored Training Programme on solar rooftop P V Power Plants

KMEA Engineering college is one of the ANERT recognised centers for conducting training for field functionaries of solar roof top P V power plants in Kerala. For imparting sufficient exposure of grid related issues and creating confidence among all stakeholders, ANERT has planned the two day training program . KMEA Engg.college is in collaborations with Arbutus consultants Pvt Ltd., Pune for this initiative. On 23rd and 24 th February, 7 to 8 March and 19 to 20 March 2018 the three training programmes were conducted. 120 engineers (AXEs, AEs and sub engineers) of KSEBL (Eranakulam, Mattanchery, Thripunithura, Thodupuzha and Adimali electrical divisions) participated in this programme. Mr. Rajan Babu (Former Chief of electrical inspectorate Kerala state), Dr Benny Joseph Thullisseril (KMEA College), Mr Binish M C (KMEA college), Mr Pressannakumar (Arbutus), Mr Sadhandan (Arbutus) Mr. Joby (Electrical inspectorate) and Mrs Indira (KSEBL) were the resource

persons for the training. Dr Amar Nishad (principal) and Dr Rekha Lakshmanan (Vice Principal) distributed the certificates to the participants at the end of function. It is an industry - academia linked programme as per AICTE. The training is funded by Govt. of Kerala through KSEB and ANERT. Dr. Benny Joseph Thullisseril was the coordinator of the program. It is a great initiative by ANERT and KMEA College for green energy movement of Kerala State.

Career Guidance and Placement Unit Activities

The CGPU has been formulated to address the diverse socio-economic challenges and geographic backgrounds of the heterogeneous population of students coming to the Colleges vis-à-vis equity of access and placement opportunities through availability of appropriate institutional support information. Linguistic differences and cultural gaps among students also call for the setting up of placement cell. Availability of relevant and accessible information coupled with professional guidance to utilize the same can result in better career achievements outside the classrooms and help in the healthy progression of students.

Career Guidance Programmes

ORACLE Academy Virtual Student Day: The event offered our students speeches of inspirational speakers who shared technology trends as well as their personal career journey through IT industry. Oracle Academy organized second edition of virtual student day on February 26th 2018 at the college campus. The event provided the students a unique opportunity to know about topics like Big Data, Cloud Computing & Internet of Things, and career options in the field of Computer Science. Students could learn about the skills needed, accessible learning paths, career journeys taken by employees currently in the industry, and certifications available to help students to be ready to achieve a modern career overview of Big Data, Cloud, and Internet of Things, gain industry knowledge, learn about latest technology trends.

Smart India Hackathon-2018 : In order to work towards our PM's vision, MHRD, All India Council for Technical Education (AICTE), Inter Institutional Inclusive Innovation Center (i4C), and Persistent Systems organized Smart India Hackathon, a unique initiative to identify new and disruptive digital technology innovations for solving the challenges faced by our country. As per invitation from AICTE five students of EC/EEE/EIE/CS departments from KMEA Engineering college attended the one day workshop on Smart India Hackathon-2018 which was held at SCMS on 9th January, 2018 .

Job Oriented Training

As part of Industry Institute Interaction (III), KMEA Engineering College organized a job oriented training for S2 & S6 of B.Tech (EEE/ECE/EIE) on 08th January, 2018, in the Conference Hall, PSTA on Subject Maintenance and Reliability Engineering.

Placement Programmes

This year we have crossed 100 placements for B.Tech-2018 students. Most of the drives are on campus, off campus and pool campus. This is been our golden achievement and also every year number of placed students has been increasing compared to the previous years. During the last 6 months around 25 companies had conducted placement drives for passed out students. Few names are FKL India, HDFC, HCL, RDC, Attinad, Robosoft, Ginger, KARR, FACE, Support Stages, EVM, Eduworld, Accenta, Sutherland, Abasoft etc. Poornam Info vision conducted campus placement drive for B.Tech (CSE/IT/ECE) students on 12th February, 2018. Conceptive conducted a campus placement at KMEA for current final year of B.Tech (EEE/CSE/ME) students on 25th January, 2018.

Abasoft Technologies conducted campus placement at KMEA for final year B.Tech students on 15th Feb, 2018. Autobahn Trucking Corporation PVT.LTD. conducted the Campus Interview at KMEA on 17th Feb for B.Tech(ME)-2018 students. They had an opening for Management Trainee - Sales at Autobahn Trucking Corporation Pvt. Ltd. in the state of Kerala.

AXIS Bank conducted campus drive on 16 April 2018. MITSOGO INC a US based MNC conducted placement drive on 22 May 2018. About 25 candidates were selected by MITSOGO for the post of software Engineer.

Our Top Recruiters

National Service Scheme Activities

The aim of National Service Scheme (NSS) is to “inculcate the social welfare thoughts in the students, and to provide service to the society without any prejudice”. NSS volunteers worked hard, day and night, to ensure that every one in our society who is needy gets every possible help from them so that they can also enhance their standards and lead a life of dignity in the society with all of us. The College NSS Unit No.226 is under the Directorate of Technical Education (Technical Cell) and is following the path led by NSS Programme Officer, Prof.Midhun Mohan.

World Water Day Celebration

As part of NSS Activity KMEA Engineering college celebrated World Water day on 21st of March 2018. The volunteers celebrated it by cleaning the Malippuram beach and its surroundings. The programme was held in association with Kerala Forest Department and the society people. The Forest department gave an awareness class regarding use of water and women empowerment.

7 Day Special Camp

As part of NSS Activity KMEA NSS UNIT NO.226 organised a 7 day special camp at Govt. LP School, Malayidamthuruth from 23rd of December to 30th of December. 47 volunteers along with the senior NSS Volunteers took part in the camp. Various classes like fire and safety class, first aid class, session with the famous cartoonist Ibrahim Badusha and various other classes were conducted. The student volunteers was successful in cleaning Rural clinic and canal beside the college. The students were also successful in creating a green garden in the Govt. LP school. Students were able to develop their talents during the cultural programme sessions.

Republic Day Celebrations

As part of NSS activities KMEA Engineering College had an enormous Republic Day Celebrations. The programme had the presence of Vice principal Dr.Rekha Lakshmanan, NSS Programme Officer Midhun Mohan and many other faculties. After flag hoisting ceremony the students were assigned to give a traffic awareness in the busy cities like Edappally and Vytilla. The students were provided with notices that described various traffic regulations and they were directed to distribute the same to the pedestrians and travellers. The traffic awareness programme was very successful with everyone's co operation.

Pain and Palliative Care unit activities

The pain & palliative care unit of KMEA engineering college had conducted an interactive session with Tiffany Brar, Founder of “Jyothirgamaya” foundation an NGO which guides and trains the blind people to be self sufficient and confident. In this session she delivered an inspirational talk to our younger generations and gave away the message that “Your defects are not a hindrance to conquer your dreams”. She was felicitated by our college in the presence of Director Dr. Amar Nishad, Vice- Principal Dr. Rekha Lakshmanan and Pain & Palliative Care Unit co-ordinator Abins Ali, and volunteers of Pain & Palliative care unit & NSS. All the volunteers had a good interactive session with her.

Sports Activities & Achievements

The Physical Education department of the college is responsible for the management and development of sports facilities, services and programmes for student and college community.

AHAS 2K18

In connection with the 61st Anniversary of KMEA, we host our prestigious All Kerala level tournament AHAS 2K 18 from February 14th to 22nd . The official inauguration was done by our beloved college Director Dr. T. M. Amar Nishad, more than 50 colleges participated in the tournament. We mainly focused on four events Football, Volleyball, Cricket and Badminton. The world arm wrestling Champion Joby Mathew distributed the Trophies and cash awards to the winners in the closing ceremony.
